

STREET TREES FOR HAMPDEN

The Clean & Green Team of the Hampden Community Council wants to help you get a tree in front of your home! We are working with organizations that provide technical assistance and funding for community greening projects. We have planted many street trees in Hampden since 2005 and want to plant more!

We still need to hear from as many residents as possible who would like to have a tree, so that we can organize future plantings. Fill out the form below if you would like to be on the list for a tree, and ask your neighbors to sign up, too! Trees are not guaranteed to everyone who applies...your site must first be inspected by Miss Utility to ensure you have a safe and proper space for a tree.

Note: If you are a renter, your landlord must sign the tree request form.

STREET TREE REQUEST FORM

I, the undersigned, agree to help create a tree pit (if needed), plant, water, mulch, and maintain my neighborhood Street Tree. I understand that some locations may not be suitable for Street Trees due to utilities, signs, handicap ramps, or width of sidewalk. The Forestry Division of the Baltimore City Department of Recreation & Parks shall make final determinations of suitable Street Tree locations and species. The Street Trees, once planted, will be the property of the City of Baltimore in accordance with City Code 1879, Article 47.

Do you have an exiting Tree Pit? Yes No

Name _____

Street Address _____
